

# Lamps for Needlework, Sewing & Quilting

2015 - 2016

**The Daylight Company**

# Daylight™

## The best lamps for Needlework, Sewing & Quilting

We were the first company to recognise that needle workers, sewers and quilters needed their own highly specialised lighting. Our comprehensive range of products today ensures that, in this brochure, they will find the best choice for their lighting needs.

For the past 30 years we have listened to our customers, and used this feedback to create practical and attractive quality products. Our designs incorporate our accumulated knowledge of the five major factors that allow the users of our lamps to perform their tasks optimally and in comfort:

- A light that provides perfect colour matching
- The right level of brightness
- Avoidance of heat and glare
- Magnification to view detail
- The ergonomics of where and how different tasks are performed

# Where and how you work

Our customers work in many different ways. Choosing the right lamp for your needlework, sewing or quilting is of the utmost importance. This will allow you to work accurately, and in comfort, without frustration and for longer.

We have lamps designed for working in an armchair or at a table, specifically for quilting or sewing, or at a frame. Whatever the size of your project, whether large or small, we have a lamp to suit your needs. All of our lamps are made with high quality materials and components, ensuring durability and reliability for years to come.

Quilting

# A light for perfect colour matching

It is essential that needle workers, sewers and quilters have a good colour balanced light. They have to be able to see and choose colours correctly, as they would in natural daylight, at any time of the day or night. Conventional lighting is usually very yellow and makes it hard to judge colours correctly. It is easy, for example, to mistake a dark blue thread for a black one.

All of our lamps simulate natural daylight with a light colour of 5500° to 6500° Kelvin, allowing you to see true colours all of the time.

Slimline Table Base  
D52107

Compatible with D/E35106

Magnifying Arm  
D91707

Compatible with  
D/E35116 & D/E35106

## Slimline - S

LED Table Lamp D/E35106

LED Floor Lamp D/E35116

The powerful LED Floor Lamp or the LED Table version are ideal for all types of needlework, sewing and quilting. They both provide long arm reach of 55cm (22") and an even, wide coverage of light, which is ideal for large work surfaces. The daylight technology reduces eye strain and glare for healthy vision and allows true colour matching.

### Key Features

- High-quality brushed steel finish, slimline design
- Bright Daylight™ LEDs for perfect colour matching
- Lamp Brightness 1,200 lux at 30cm (12")
- Double flexible arm with 55cm (22") reach
- Maximum height; Floor lamp 125cm (50") and table lamp 46cm (18")
- Table Lamp supplied with high quality metal clamp
- Optional table base (D52107) available separately for Table Lamp

# Needle workers, sewers and quilters need a bright light

The amount of light illuminating your needlework, sewing or quilt is of the utmost importance. Insufficient light will lead to mistakes, as well as cause eyestrain, irritation and tiredness.

Our lamps, when correctly positioned, ensure a brightness of at least 1,000 Lux (and usually more). This is the minimum we believe is acceptable at normal working distances.

## Twist Portable LED Lamp

D/E35700

This lamp is one of the most popular lamps in the Daylight™ range. The Daylight™ LEDs provide high contrast and accurate colour matching, making it easier and less tiring to read, work and see detail clearly. It is also low in energy consumption.

The twistable shade allows the light to be positioned where you need it. The lightweight design makes it easy to move around the house and also ideal to take to classes.

### Key Features

- Lightweight and foldable, take Daylight™ with you wherever you go
- Easy-Twist shade for accurate positioning of light
- Daylight™ LEDs provide colour matching, reduce eyestrain and improve contrast
- Lamp brightness: 2,200 Lux at 30cm (12")

## Freedom LED Battery Lamp

D/E35027

This LED Lamp is truly portable, with a rechargeable battery life of up to 6 hours. It is ideal when you need light far away from a plug socket. The Daylight™ LEDs provide high contrast and accurate colour matching, making it easier and less tiring to read, work and see detail clearly.

The lamp has an integrated handle and is supplied with a rechargeable battery and AC Adapter. It is ideal for reading, crafting, taking to classes or when working in a garage or workshop.

### Key Features

- Use your Daylight™ lamp anywhere
- Ideal for reading, crafts, DIY, work and travel
- Rechargeable - up to 6 hours of light
- 2 ways to power:
  - Internal rechargeable battery (included)
  - Plug in power supply (included)
- Daylight™ LEDs provide true colour matching
- Lamp brightness: 1,400 Lux at 30cm (12")

# Avoiding heat and glare

Heat and glare can cause discomfort. Needleworkers, sewers and quilters often have to work in close proximity to the light source, so it is vital that this emits as little heat as possible. All our lamps generate very low heat. They are also designed to be used in a way that minimises glare.

## Smart Lamp D20

D/EN1327

This lamp can change colour temperature from warm white to daylight to suit your preference throughout the day. The lamp is dimmable to 5 settings. It is lightweight and portable making it an ideal companion to take to classes or when travelling. The twistable shade allows you to direct the light where you need it.

### Key Features

- 3 colour Temperatures – 2,700°, 4,000° & 6,500°K
- Bright daylight™ LEDs provide true colour matching at 6,500°K setting
- 5 Step Dimmer
- Easy Twist Shade
- Lightweight and portable
- USB compatible

# Magnification is invaluable to view detail

Many people do fine and intricate work and for them the need for illuminated magnification is obvious. However, most needleworkers, sewers and quilters, would benefit from having a lamp with a magnification option. Almost everyone needs to correct work or look at detail occasionally. The ability to clearly view work through a magnifying lens with a bright light is invaluable.

## MAGnificent Floor & Table LED Magnifying Lamp

D/E25050

The MAGnificent Lamp is ideal for all types of detailed work. This lamp is cleverly designed to be used as both a floor lamp (with 2 different height options) as well as a table lamp. The Daylight™ LEDs provide high contrast and accurate colour matching, making it easier and less tiring to read, work and see detail clearly. LEDs use very little energy. The large, semi-rimless 1.75X magnifying lens allows uninterrupted viewing of close up work.

### Key Features

- Ideal for all types of detailed work
- Height adjustable, can be used as a floor or table lamp
- Lamp brightness: 1,850 Lux at 15cm (6")
- Large 14.6cm (5¾") semi-rimless lens, 1.75X magnification for clear viewing of close up work
- Flexible arm directs light exactly where you need it
- Maximum height: Floor Lamp 125cm (50") and Table Lamp 50cm (20")
- Daylight™ LEDs provide true colour matching

# Designed for purpose

Needle workers, sewers and quilters work in many different ways. We offer lamps suited to small, medium or large work, for working at a table, in an armchair, at a stitching frame, a large or small quilting table, or with a sewing machine.

Our lamps are designed to be positioned so that the light shines exactly where it is needed. We also recognise that our customers will frequently want to move, adjust and reposition them. Our lamps are designed to make this a simple and easy process.

## Slimline LED Table Lamp

D/E35107

This powerful LED Table Lamp will provide a wide spread of light around your sewing area. A long arm reach of 90cm (35") and a wide, even light coverage, which makes it ideal for large work surfaces. The daylight light source reduces eye strain and glare for healthy vision and allows true colour matching.

### Key Features

- High quality brushed steel finish, slimline design
- Daylight™ LEDs provide true colour matching
- Lamp Brightness 1,630 Lux at 30cm (12")
- Flexible arm with 90cm (35") reach for wide spread of light
- Supplied with high quality metal clamp
- Optional table base (D52107) available separately

## Sewing Machine Lamp

D/EN1180

This small lamp is ideal for using on your sewing machine. It allows you to direct the focused beam of light exactly where you need it most. It is easily mounted on the side of your sewing machine with a Self-Adhesive pad.

The Daylight LED provides high contrast and accurate colour matching, making it easier and less tiring to work and see detail clearly. LEDs never need replacing and use very little energy. The lamp is powered by an AC adapter.

### Key Features

- Ultra bright focused LED light
- Adjustable 18cm (7") Flexible Arm
- Lamp clicks in and out of mount. (Supplied with 2 mounts, allowing you to use in multiple locations)
- Powered by an AC Adapter
- 4 cable clips included

# Durability and Reliability

All our products are made with high quality materials and components, and undergo vigorous tests during development. Our quality control and safety standards are recognised as being amongst the best.

## Luminos

D/E35600

This powerful LED lamp provides the ultimate in high light output with an extraordinary wide spread of light, that is also fully dimmable. Ideal for work on a sewing or cutting table. The arm has a long reach of 112cm (44") and can be moved easily with one hand. The shade can be positioned effortlessly, exactly where it is needed. A piece of precision engineering, incorporating the latest high power LED technology, that is also robust and long lasting.

### Key Features

- Very wide shade 65cm (25½")
- Effortless free-motion, spring balanced arm
- Extra long reach: 112cm (44")
- Internally reinforced arm
- 120 powerful Daylight™ LEDs provide true colour matching
- 3 step dimmer
- Lamp Brightness: 4,200 Lux at 30cm (12")
- Optional table base (D25060) and floorstand (D53060) available separately

Premium Table Base  
D52060

Premium Floorstand  
D53060

Ultimate Table Top Lamp D/E21038

Ultimate Floorstanding Lamp D/E21098

The ultimate floor and table lamps are classically elegant decorative lamps, that can instantly transform into highly effective sewing and needlework lights. The floor lamp is height adjustable with a flexible arm allowing light to be positioned where required. The base with wheels allows the lamp to be easily moved around. The table lamp has an extendable tilting arm allowing wide coverage of light over a large surface. They are both supplied with a removable 13cm (5") magnifier, chart holder and sewing tray.

- Floor lamp is height adjustable with a flexible arm to direct the light where you need it
  - Floor lamp base fitted with 6 wheels. Easy to move around
  - Table lamp has a Unique extendable tilting arm for extra reach
  - 20W energy saving daylight™ bulb perfect for colour matching
  - Lamp Brightness 2,600 Lux at 30cm (12")
  - Floor lamp height 183cm (72"), table lamp 56cm (22")
  - Removable 13cm (5") rimless magnifier with 1.75X magnification for all your close-up work
  - Replacement bulb (D15200)
- **Removable accessories included**
1. Craft tray – keeps everything conveniently to hand
  2. Chart holder – keeps your designs in clear view
  3. Magnifier – makes fine details easily visible

Swan Table Lamp D/E23020-01  
Swan Floor Lamp D/E23030-01

The Swan Lamps are ideal for all types of hobbies including needlework, sewing & quilting. The key feature of the Swan Lamp is bright light over a large area. It is available as a floorstanding lamp or a table lamp. The daylight tube provides high contrast and accurate colour matching, making it easier and less tiring to read, work and see detail clearly. The tube is long lasting and low in energy consumption.

A long flexible arm allows the light to be positioned exactly where it is needed. The large 13cm (5") rimless lens with 1.75X magnification is ideal for focussing on fine detail and can be removed when not required. The floorstanding version has a base with wheels for easy movement and the Table version has a weighted base to make it easy to position the shade with one hand.

- Powerful 18W daylight™ energy saving tube for true colour matching
- Lamp brightness 2,950 Lux at 30cm (12")
- Optimal light direction with the unique 320° EasyTwist™ shade
- Swan Floor Lamp height 112cm (44"), Table Lamp height 46cm (18")
- Removable 13cm (5") rimless magnifier with 1.75X magnification for seeing fine detail
- Replacement Tube (D13621)

## Task Lamp XL

D/EN1190

This LED lamp provides a bright light which can cover a very large area. The long arm reach combined with the easy ability to position the lamp head means a sizeable table can be covered without a problem. The daylight LEDs provide high contrast and accurate colour matching, making it easier and less tiring to work and see detail clearly. LEDs are extremely long lasting and use very little energy. The wide shade can be adjusted vertically and horizontally to any desired position. The lamp is dimmable allowing easy adjustment when less light is required. This lamp is ideal for use on your work area or cutting table.

- Bright Daylight™ LEDs for accurate colour matching
- Lamp Brightness 3,400 Lux at 30cm (12")
- Variable dimming down to 10%
- Multi position head joint to direct light where needed
- Even spread of light for large area
- Optional table base (D25060) and floorstand (D53060) available separately

Premium Table Base  
D25060

Premium Floorstand  
D53060

## 5" LED Floor/Table Mag Lamp

EN1091

Practical and versatile Table and Floor Lamp ideal for needlework, quilting and sewing. The 13cm (5") lens with 2.0X magnification is ideal to see close up work. Flexible arm allows light to be positioned where needed. Simply remove the pole for use as a table lamp.

- Energy efficient bright daylight LEDs
- Mains & battery operated - up to 24 hours of battery life
- 13cm (5") lens 2.0X magnification, allows you to see fine detail clearly
- Remove the pole to use the lamp on a table
- Requires 4xC type batteries (not included)
- Height: 112cm (44")

## Table Magnifying Lamp

D/EN1040

This Table Magnifying Lamp is a compact all-purpose, lightweight magnifier providing 1.75X magnification. The daylight tube provides high contrast and accurate colour matching, making it easier and less tiring to see detail clearly. The tube is long lasting and low in energy consumption.

Small enough so as not to take up much room, but powerful enough to be great when working on projects that need close-up attention to detail. It's also foldable – so it's easy for travelling or taking with you to classes.

- Small and bright magnifying lamp
- 9cm (3.5") diameter lens 1.75X magnification
- 12W Daylight™ tube ideal for colour matching
- Replacement tube (DN0004)

## Wafer 1 & 2 Lightbox

D/E35040 & D/E35030

The latest generation of lightweight ultra slim lightboxes using fully dimmable LED technology. Available in 2 sizes: A4 and A3. They provide an even spread of light from edge to edge and emit very low heat. The Wafer lightboxes are ideal for tracing, sketching, stencilling, calligraphy, scrapbooking, embossing, embroidery, sewing and much more. Supplied with a mains adapter.

### D/E35040 Wafer 1 Lightbox

Size: A4, 32cm x 23cm (12½" x 9")

Weight: 0.92kg

### D/E35030 Wafer 2 Lightbox

Size: A3, 44cm x 32cm (17" x 12½")

Weight: 1.64kg

### Key Features

- Only 0.8cm (⅜") thick
- Daylight™ light source provides true colour matching
- High Quality LEDs
- Fully dimmable
- Cable length: 1.8m (6ft)

## Stitchmaster Floorstand

D53035

This lightweight, and height adjustable wooden floorstand is suitable for any type of frame (bar, roller and hoops) up to 76cm (28"). This allows you to work for hours in complete comfort. The stand can be fitted with an optional magnifier and chartholder (D/E25020)

- Lightweight height adjustable wooden stand
- Stitch for hours in complete comfort in any chair
- Suitable for any type of frame (bar, roller and hoops) up to 76cm (28")
- Quick & easy to set up
- Frame not included
- StitchSmart LED Magnifier & Chart Holder available separately (D/E25020), shown opposite

## Stitchmaster Seat Stand

D52015

With a lightweight wooden frame, this height adjustable seat stand is perfect for sitting in a chair. Suitable for any type of frame (bar, roller and hoops) up to 53cm (21"), enabling you to work for hours in complete comfort.

- Lightweight height adjustable wooden seat stand
- Stitch for hours in complete comfort in any chair
- Suitable for any type of frame (bar, roller and hoops) up to 53cm (21")
- Quick & easy to set up
- Frame not included

## StitchSmart Stand

D53047

The perfect partner for needlework. With its strong jaw, the stand holds your frame or hoop firmly in position. The unique swivel system allows you to lift and rotate the frame 360° at anytime. Practical, stable and height adjustable.

- Easy to assemble, ready to use in seconds
- Height adjustable, stitch in comfort
- Strong jaw to hold your frame or hoop in position
- Unique swivel system to lift and rotate the frame 360°
- Frame not included
- StitchSmart LED Magnifier & Chart Holder available separately (D/E25020)

## StitchSmart LED Magnifier & Chart Holder

D/E25020

This lamp is the perfect add-on for your StitchSmart Stand. The magnifying lamp comes with Daylight™ LEDs and a 1.75X magnifier. The Daylight LEDs provide high contrast and accurate colour matching, making it easier and less tiring to work and see detail clearly. Included in this pack is a practical chart holder to hold your patterns and drawings.

- Bright Daylight LEDs
- Lamp brightness 2,500 Lux at 15cm (6")
- Crystal clear 9.5cm (3¾") magnifying lens 1.75X for clear viewing of close up work
- Lens Cover included
- 40cm (15.5") flexible arm for easy positioning
